

## The Onet Group announces the passing of Elisabeth Coquet-Reinier

**Marseille, January 13, 2023** - It is with deep regret that the Onet Group announces the passing of Elisabeth Coquet-Reinier, who died this morning following a long illness, which she fought with great courage and determination.

Chairwoman of the Executive Board of Holding Reinier, Chairwoman of the Supervisory Board and the Responsible Development Committee of Onet SA and Chairwoman of the Onet Foundation, she profoundly marked the history of her company, devoting her entire career to it and instilling it with her human values, which were so powerful and always so alive.

Born in 1953 and representing the company's sixth generation of managers, she joined the family business after studying economics at the University of Aix-Marseille. For nearly five decades, as she rose through the ranks, she devoted her energy to the development and growth of our company. A woman of great conviction, she was highly committed to the development of employee skills, sustainable development, and the image of the Onet Group and its activities. She also wished to contribute to a more supportive and humane society, and thus created the Onet Foundation in 2010 to address the problem of poor housing.

Elisabeth Coquet-Reinier was also committed to the attractiveness of her region, first with the UPE13, then with the Aix-Marseille-Provence Chamber of Commerce and Industry, of which she was Vice President.

In recognition of her commitments and actions, she was awarded the Medal of the Nation's Gratitude, which elevated her to the rank of Knight of the Legion of Honor and Officer of the National Order of Merit.

Her family, as well as all the employees of the Onet Group, are committed to continuing her work, while respecting the values she has passed on to us.
